Midterm Project Proposal
CIM 613
Jinqi Li

1) The app's name and one sentence as the app description
- Meower
- A card-swipe application for users to pick the cats that they want to adopt from SPCA Florida.

2) The target users
- People who are looking for a cat from SPCA Florida to adopt

3) Features that this app will provide
- A swipeable UI of a collection of cards;
- Changeable fields of users' information;
- A data set of cats' pictures and information from SPCA Florida website;
- Stored data of users' choices.

4) A plan: steps or tasks that need to be done to develop the app
- Detailed prototype in Adobe XD;
- Storyboards in Xcode;
- Codes for features;
- Data collection.
